Dear Miss van Leuve,

Your recent letter interests me very much. The reference to your brother's death is kind of unclear. The statement that you have a friend who was in New Orleans and saw Oswald handing out leaflets is interesting. This can be important.

I will be leaving for New Orleans about the timeyou get this. I wish you would have your friend write everything that comes to mind about this, sending me a copy here and a copy c/o Louis Ivon, Office of the District Attorney, 2700 Tulane Ave., New Orleans.

There is a fine young man in Minneapolis who works closely with me. I have complete trust in him. If you or your friend will please get in touch with him, he will know the kind of information to seek and that can be useful. He is Gary Schoener, who you may have heard speak. Call him at 331-9345. If he is not there, he will get the message and return the call. I am sending him a copy of this letter, so he will expect to hear from you.

Your book is being sent speerately. It will take a little longer that first-class mail.

Thanks for any help you can give us.

Sincerely,

Harold Weisberg
